## OBJECTIVE

---

Hardworking Full Stack Developer with a strong focus on Android and Web development. Experienced in designing, testing, building, and deploying scalable systems. Passionate about startups and eager to contribute to impactful projects. Proficient in multiple programming languages and frameworks, with a commitment to continuous learning and improvement.

## EDUCATION

---

**Bachelor of Computer Science**, University of Winnipeg

- Dean's List 2021-22 - Student of Highest Distinction
- Received 2022-23 Academic Proficiency Scholarship, International Student Services Award.

## SKILLS

---

<b>Programming Languages</b>	Java, C, C++, TypeScript, JavaScript
<b>Frameworks</b>	React, React Native, Springboot, Next.js, Node.js
<b>Technologies</b>	OpenCV, Firebase, Google Cloud Functions, AWS (S3, CloudFront)
<b>Tools</b>	Bash/Shell, CircleCI
<b>Additional Skills</b>	Computer Vision, Serverless Architecture, Multi-threaded Programming
<b>Soft Skills</b>	Quick Learner, Hard worker, Punctuality, Team Player

---

## EXPERIENCE

---

<b>Sous Chef</b>	May 2022 - present
Trans Canada Brewing	Winnipeg, MB

- Directed culinary operations and managed kitchen staff to ensure smooth daily operations.
- Collaborated closely with the Executive Chef and management team to plan and execute menus.
- Coordinated kitchen schedules, ordering, and inventory management to optimize efficiency.
- Trained and mentored kitchen staff on culinary techniques, food safety, and sanitation standards.
- Implemented cost-control measures to achieve budgetary targets without compromising food quality.
- Developed strong organizational skills and attention to detail in managing kitchen operations.

<b>Software Developer Intern</b>	Apr 2020 - June 2021
Sunshine Technologies	Chandigarh, India

- Assisted in developing web applications using React and backend services using Java Springboot.
- Participated in the design and implementation of scalable serverless applications on AWS.
- Conducted testing and debugging to ensure high-quality code.
- Collaborated with senior developers to understand and implement best practices.
- Worked with multi-threaded Java to ensure smooth and responsive application performance.
- Utilized Firebase for authentication, database management, and cloud messaging.

<b>Team Member</b>	Sep 2021 - Aug 2022
Tim Hortons	Winnipeg, MB

- Delivered exceptional customer service in a fast-paced environment, maintaining a customer satisfaction rating of over 90 percent.

- Collaborated with team members to ensure smooth daily operations and resolve any customer issues promptly.
- Collaborated with team members to develop and implement process improvements, enhancing service delivery and operational effectiveness.
- Trained new employees on the use of enterprise software and company procedures, ensuring adherence to standards and quality service.

## PROJECTS

---

### NetWatch

- Developed NetWatch, a Netflix clone web application replicating core functionalities of the popular streaming platform, demonstrating proficiency in modern web technologies.
- Utilized the MERN Stack (MongoDB, Express.js, React, Node.js) and Firebase real-time database to create a dynamic, responsive user interface and real-time data handling.
- Focused on writing clean, well-structured code, ensuring browser compatibility and adherence to industry standards.

### CorpWeb

- Created CorpWeb, a front-end project aimed at enhancing the user experience and visual appeal of a corporate website.
- Utilized React and Tailwind CSS to develop a responsive, visually appealing design that aligns with brand identity and improves user engagement.
- Collaborated with design concepts to ensure a cohesive and modern look, while maintaining optimal performance and usability.

### Tenzies

- Developed Tenzies, a fast-paced dice game where players race to roll and match their dice to a target pattern, showcasing expertise in React.js.
- Implemented game logic and interactive elements to provide an engaging and user-friendly experience.
- Ensured cross-browser compatibility and responsiveness, adhering to best practices in front-end development.

## EXTRA-CURRICULAR ACTIVITIES

---

- Won the national badminton championship in India under-19.
- Volunteered at the Lions of Punjab club based in India.
