## EXPERIENCE

---

### Line Cook

May 2022 - present

Trans Canada Brewing

*Winnipeg, MB*

- Collaborated efficiently with team members to accomplish tasks, demonstrating strong teamwork and communication skills.
- Assisted with inventory management and ordering, ensuring all ingredients were readily available to support business operations.
- Contributed to the optimization of kitchen operations by collaborating with other team members, resulting in increased efficiency and effectiveness.

### Backend Developer

Apr 2020 - June 2021

Kartar Corporation

*Chandigarh, India*

- Implemented RESTful APIs to facilitate communication between frontend and backend systems, streamlining data exchange and enhancing user experience.
- Developed scalable backend solutions, resulting in a 30 percent improvement in application performance.
- Collaborated with cross-functional teams to gather requirements, design technical solutions, and deliver high-quality backend services on time and within budget.

## PROJECTS

---

**NetWatch.** NetWatch is a Netflix clone web application that replicates the core functionalities of the popular streaming platform. Developed using modern web technologies, using MERN Stack and Firebase realtime database. ([Try it here](#))

**CorpWeb.** CorpWeb is a front-end project aimed at enhancing the user experience and visual appeal of a corporate website, using technologies such as React and tailwind css. ([Try it here](#))

**Tenzies.** Tenzies is a fast-paced dice game where players race to roll and match their dice to a target pattern, made using React.js. ([Try it here](#))

## EXTRA-CURRICULAR ACTIVITIES

---

- Won the national badminton championship in India under-19.
- Volunteered at the Lions of Punjab club based in India.
